# INTRODUCTION TO ACADEMICIA

An enchanting amalgamation of erudition and veracity, Academicia is an inter-collegiate level fest with over 37 diverse events, and a massive participation base of more than 1000s. As the name suggests, Academicia is a scholastic and an overall high-spirited affair.

It has a curated inventory of academic events, to sate your hunger for knowledge. It is a multifarious event which encourages academic fluidity in a multifaceted way, aided by an array of competitions.

The notion of Academicia is one of a kind, where we explore knowledge, while an ethereal and enthralling experience go hand-in-hand. Academicia serves as a stage for all to lay out their knack.

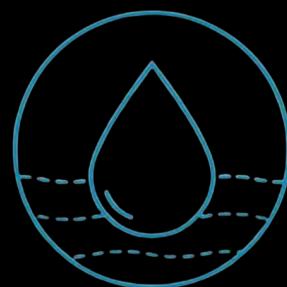

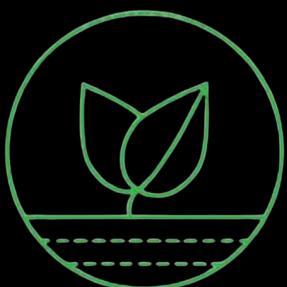

Further, as a student body, we, Carmelites believe in being socially conscious. For Academicia, we draw attention to a social cause along with our Fest.

"Let knowledge grow from more to more, but most of the reverence in us dwell!"

THEME  
OF THE YEAR

# Stoicheia

Teaches us

Transforms us

Shapes us

Moves us

Encompasses us

## WHAT IS THE THEME?

This being the first academic fest organized by Mount Carmel College, we would like to start an academic revolution from the very roots of nature. Hence, we would like to kick start the legacy of Academia with Stoicheia - the 5 elements, as the theme for 2021.

## WHY HAVE WE CHOSEN THIS?

All living beings on Earth are influenced, shaped and created by the five elements - Air that moves us, Earth that teaches us, Water that shapes us, Fire that transforms us and Space that encompasses us.

## HOW DOES IT WORK?

Stoicheia, like the human mind, is the primary constituent of being; knowledge we acquire builds on this key element ultimately leading us to enlightenment

## HOW DOES IT EMPOWER YOU?

Stoicheia acts as the perfect amalgamation of logic, science, academic prowess, equipoise, cognizance and impetus. It is the perfect genesis as it truly marks the first ever platform, where we can see, hear, touch, observe and experience different ways in which words and concepts transform and remodel us.

## HOW DOES THIS ADD ESSENCE AND SPIRIT TO ACADEMIA?

Through the wide array of events offered, we strike a balance between the five elements of nature by igniting your passion like fire, testing your intuition like water, tapping your intellect like air, giving you a platform to grow like earth and providing you the space to show your academic prowess.

# SOCIAL CAUSE

## EDUCATING THE UNDERPRIVILEGED

In the current world, education is as important as food and shelter. Education should never be an unattainable privilege to anyone. When a person is hungry, there will be lots of people who will do anything to feed him, but our aim is to teach them to get their own food in the long run. We need to take a step together. This is our way of helping those in need.

There has always been a problem of having the best quality education due to financial strain in underprivileged families. It is our duty as a society to change it.

# SOCIAL CAUSE

Even to this day, in the rural parts of the country, there is a mindset that girls studying till high school is a privilege they should be thankful for. They should not hope or dream about higher education. However, it is every kid's right to have an educated future.
